

My Camera Couture™

# Point-and-Shoot Camera Straps

New Designs for 2012

January 2012

## Point-and-Shoot Camera Straps

### New Looks for 2012

My Camera Couture™ is pleased to introduce the new point-and-shoot strap designs for 2012. All designs are available in neck or wrist strap lengths. Neck straps are about 22" (56 cm) long (from the back of the neck to the end of the loop) and wrist straps are about 14" (36 cm) long.

The patterned areas range from 5/8" - 1" (16—24 mm) wide, exclusive of lining (the coloured edges). All are equipped with a sturdy loop that easily attaches to small devices such as point-and-shoot cameras, cell phones, GPSs, and so on.

We also offer an adapter to allow you to attach your wider My Camera Couture™ SLR or DSLR camera strap (with the quick-release attachment) to your small device (find it in the Adapters section).

All products are designed and assembled in Canada.
